

WinCPC

This product update is intended for any version of WinCCU32.

This CPC has several improvements regarding Totalflow's packet protocol. We strongly recommend that you update your current version of WinCPC if using packet protocol.

First rename your current Wincpc32.exe file to wincpc32.org. Download the attachment and copy the file into your WinCCU32 directory.

If you have questions or problems installing this update call Technical Support at (800) 442-3097 Option 1, 2.
