

Do you have a passion for electrical engineering?

Are you graduating this year or have you already graduated? Would you like to further your studies abroad?

If the answer is yes, then take your next step with ABB's Master's Degree Scholarship Program in Sweden.

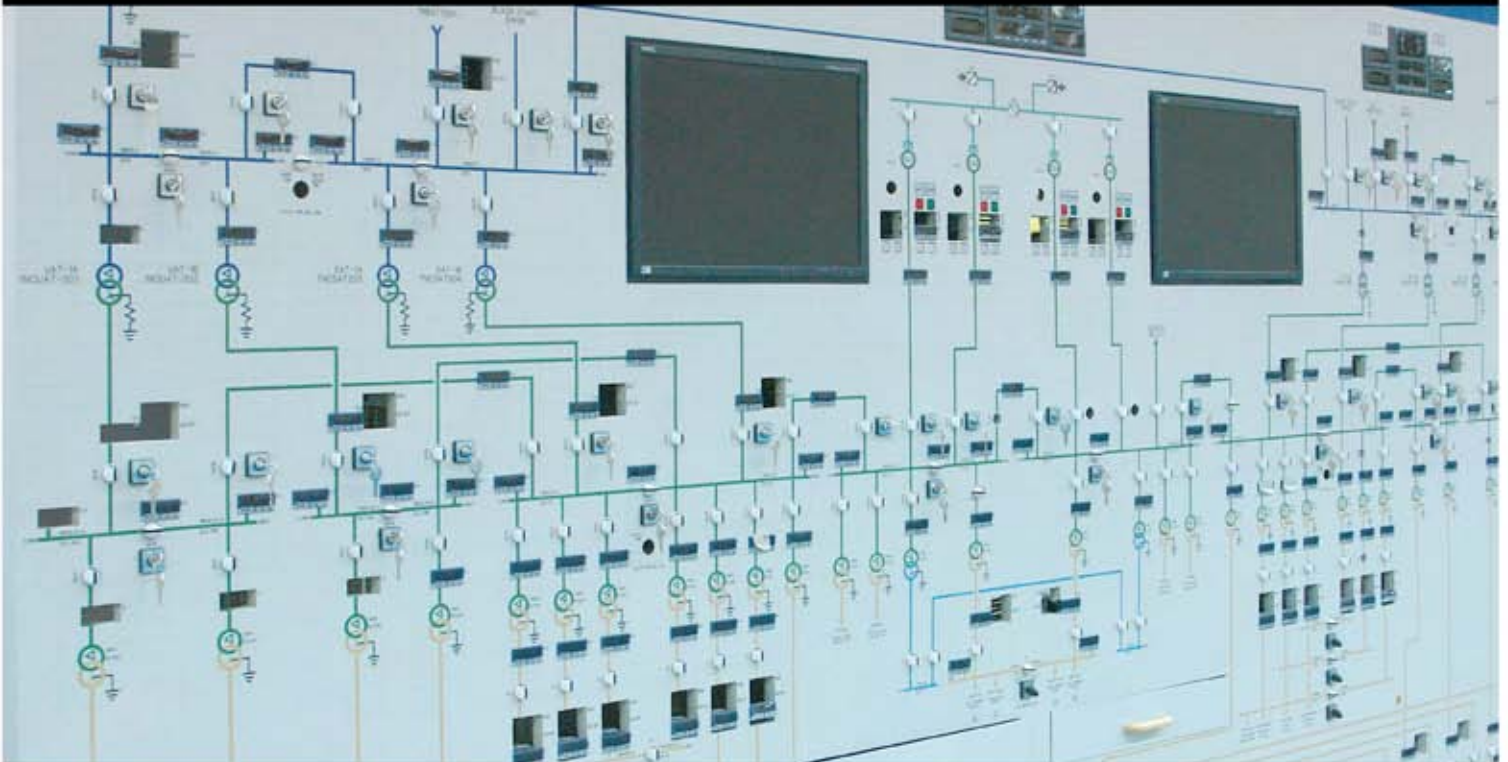

In partnership with the Embassy of Sweden in Saudi Arabia, ABB is offering talented Saudi electrical engineering graduates a Master's Degree in Electrical Engineering and Control Systems scholarship in Sweden at one of the top 200 universities globally, Chalmers University of Technology.

Fully paid for by ABB, the two year Master's Degree will enable you to develop and refine your skills and abilities. You will also gain hands-on experience at ABB's facilities in Sweden through our internship program.

Successful applicants will also benefit after the scholarship, with job opportunities here in Saudi Arabia with ABB after graduation.

If you want to get ahead in your career then talk to us, get in touch with ABB and apply at www.abb.com.sa/scholarships, call 0569884741 or email scholarships@sa.abb.com for more details. The scholarship is now open for admissions and the deadline for submission is the 31st December.
